LIVING ON HILTON HEAD PLANTATION

It is important to note that while Hilton Head Plantation is a private community, residents remain responsible to adhere to all existing Federal, State, and local laws, regulations, and ordinances. This includes any and all environmental regulatory matters.

SECTION A

I. PERSONAL RESPONSIBILITY

A. As outlined in the Preamble, it is important to note that the intent of the HHPPOA is to ensure that each resident (and guests) enjoy his or her experiences in the Plantation. As such, it is imperative each homeowner takes personal responsibility for those actions that impact the Plantation community as a whole including, but not limited to, upkeep of individual properties.

B. In reality, many persons living in the Plantation do so because of the natural beauty so prevalent on the Island. It is only reasonable to expect homeowners to maintain or enhance their personal properties in a manner that adds enhancement to the entire community. The HHPPOA makes every effort to ensure the state of consistency among properties is kept to acceptable levels for the benefit of all. The Association encourages every person to embrace that goal in such a manner that the Plantation community truly becomes the beneficiary.

C. It is the responsibility of each resident to be aware of and fully understand General Covenants, Article VI. Information on Covenants may be found at the Administration Office of the HHPPOA on Surrey Lane as well as on the Web site at: www.hiltonheadplantation.com

SECTION B

I. COMMON PROPERTY

A. Property Owners wishing to alter POA Common Property/Open Space, i.e. road rights-of-way, cul de sacs, or lagoon banks, must submit a written request to the POA Maintenance Committee for review and approval. The request must include a landscape plan clearly depicting property lines, type, size, and location of material to be removed or added. The request must also include a narrative discussing proposed timing of work, who will do the work, and once completed, who will maintain the area. At the time of submittal, items requested to be removed, if any, should be tagged so Committee members can view during a field visit. If approved, the Property Owner will be notified, in writing, and the approved alterations of POA property will be monitored by the Director of Maintenance. No work can begin without approval of the Maintenance Committee. All approved alterations will be done solely at the owner's expense.

B. Property Owners wishing to make modifications to shorelines and marsh areas must submit a scale landscape topographic plan clearly depicting type, size, and location of any plant material to be removed, added, or modified between the property line and the marsh or shoreline. This plan, along with a description, should be submitted to the Director of Maintenance to be placed on the Maintenance Committee agenda at their monthly meeting.

Upon review, the Committee will respond in writing within 30 days, with their approval/disapproval or any suggested modifications of the request. Should the proposed activity take place within the "wetland critical line" (towards the shore), all appropriate governmental agencies will be contacted by the Director of Maintenance for comment and approval prior to the Maintenance Committee's review.

If the request is approved, and prior to any modification activity, the Property Owner will submit a security deposit per lot to insure that the proposed activity is completed according to the Approved Plan. The Director of Maintenance will closely monitor the activity to insure full compliance. All modification, additions, deletions, or trimming will be conducted solely at the Property Owner's expense.

C. The POA assumes no responsibility for maintenance of additional plantings on POA property.

D. The approval of any modifications does not convey ownership or use of the described common property or open space to anyone except the Hilton Head Plantation Property Owners' Association.

II. LEISURE PATHS AND CROSSWALKS

Pedestrians, cyclists, and others using a leisure path and approaching a marked crosswalk must yield to oncoming traffic. No individual shall suddenly step or ride into a marked crosswalk where such action will create an immediate hazard. This regulation is also applicable to golfers and others utilizing cart paths that intersect within the Plantation.

At such point an individual has determined the roadway is clear, and they have entered the marked crosswalk, vehicular traffic shall yield the right-of-way once that individual is at or is approaching the half of the roadway upon which said vehicle is traveling.

III. WHOOPING CRANE CONSERVANCY

Please note posted sign in Conservancy: Pets and bikes are prohibited on the Boardwalk.

HHP is especially fortunate to have a wildlife area. The Whooping Crane Conservancy offers an extensive boardwalk that allows residents and their guests to enjoy the local wildlife in their natural habitats. These areas are unique, and it is incumbent on all visitors to respect the pristine nature of the Conservancy. The Conservancy is open to all HHP residents and their guests (from sunrise to sunset).

IV. WILDLIFE

A. Wildlife abounds on Hilton Head Plantation. It is one of the very reasons many residents and guests find the area so appealing. As such, it is incumbent upon every individual to assume appropriate responsibility in avoiding any action that would do harm to not only wildlife, but their natural habitats as well. All Federal, State, and local laws with respect to wildlife and the environment apply to Hilton Head Plantation.

B. **Alligators** - Feeding alligators is strictly prohibited and is a violation of South Carolina State law. Those cited for violating this rule will be issued a violation notice and possible Plantation Fine or State Citation for offensive activity.

C. **Dangerous Species** - Certain species of wildlife are dangerous, including alligators and some snakes. Each resident should familiarize themselves with those that pose a danger to humans.

V. FISHING/LAGOONS

The following regulations apply to POA-owned lagoons in Hilton Head Plantation:

Persons desiring to fish in said lagoons are urged to obtain a map designating which lagoons are HHPPOA-owned and which are privately owned by regimes within the Plantation or by a golf course. Maps are available at the POA Service Center.

The term "**fishing**" shall be understood to include the catching of shrimp, oysters, crabs, clams, mussels, and all commonly accepted forms of rod and reel fishing. POA-owned (fresh water) lagoons are for catch and release.

A. A person authorized to fish in HHPPOA lagoons must be a Hilton Head Plantation Property Owner, an immediate family member, tenant of nine (9) months or more, or their houseguests, and have in their possession a current HHP ID Card or Houseguest Card when fishing. Fishing is permitted from sunrise to sunset.

B. Guests must be accompanied by a Property Owner or Resident while fishing if they do not have a Houseguest Card.

C. When fishing, residents age of thirteen (13) and older must provide appropriate identification as a Property Owner or Houseguest of Hilton Head Plantation.

D. Contractors, vendors, POA employees, employees of commercial businesses located on the Plantation, and employees

of golf courses are not permitted to fish in POA lagoons.

E. Access to POA lagoons must be through common property. Trespassing on private property is prohibited. Persons fishing are responsible for determining the location of common property that allows access to lagoons. This information is included on the latest HHPPOA map.

F. Fishing in lagoons bordering golf courses must be done in such a manner and at such a time as to not interfere with golfing activities.

G. Persons fishing must remove all their trash and equipment and leave the area in good condition.

H. Security personnel monitor POA-owned lagoons for infractions of these regulations and take appropriate enforcement action.

I. Fishing limits: These limits are in place to provide sporting activity and preserve a valuable resource.

1. Fresh Water Lagoons – All fish caught in fresh water lagoons should be returned to the same lagoon immediately; i.e., catch and release fishing should be practiced.

2. Saltwater and brackish water lagoons – State of South Carolina Department of Natural Resources (DNR) regulations apply. It is the responsibility of the fisherpersons to know, understand, and follow State regulations. DNR officials may levy severe penalties and fines if these regulations are violated.

J. Privately-owned or Managed Lagoons

1. The Rookery

a) All POA fishing regulations apply.

b) Only Rookery members, their families, and houseguests are permitted to fish in Rookery lagoons.

c) Rookery members will monitor their lagoons and notify POA Security if infractions require additional enforcement action.

2. Country Club of Hilton Head, Oyster Reef, Bear Creek, and Dolphin Head Golf Courses

a) All POA fishing regulations shall apply.

b) Only Club members, their families, and guests, are permitted to fish Club-owned lagoons.

c) No fishing is permitted during golfing hours as posted on each course.

d) Club members and staff will monitor their respective courses and notify POA Security if infractions require enforcement action.

K. No boats or kayaks are allowed on interior lagoons. No launching boats or kayaks in any of the lagoons within the Plantation.

VI. NOISE

A. Excessive noise is defined as sound that is considered unnecessary, unwarranted, extreme, and/or disproportionate to what would otherwise be considered customary within the confines of the Plantation.

B. An individual who is the operator of a device or piece of equipment that is identified as a source of excessive noise will be held responsible and in violation of this regulation. If the person is a minor, then the parent or guardian of said minor will be accountable.

C. In general, it is expected that during normal working hours (7:00 a.m. to 7:00 p.m.) certain equipment such as lawnmowers, leaf blowers, and construction apparatus will generate noise as part of their intended function. Audio devices, including boom boxes, in vehicle stereos or similar equipment must be operated at all times in a manner that is not excessive and meets the criteria outlined above.

D. Commercial establishments located within the Plantation are required to observe the noise restrictions. A time of 10:00 p.m. is recognized for the cessation of excessive noise as defined in Paragraph "A". This time is consistent with that which is required by all residences and other properties within the Plantation.

E. The Board of Directors has stipulated that it is in the purview of Security Officers of the Plantation to identify such situations and circumstances that are considered in violation of the foregoing regulation. This includes, but is not limited to, excessive noise on private property, and commercial establishments, common property, recreational property, and moving vehicles. If, in the judgment of an Officer, a noise is considered to be excessive based on reasonable expectations as described above, then the person(s) responsible may be fined accordingly.

SECTION C

I. PERSONAL PROPERTY

A. General Maintenance

1. Property Owners should thoroughly review all relevant information with respect to the provisions of the HHPPOA including the Architectural Review Board (ARB). It is the responsibility of each Property Owner to assure that their land and/or home is in compliance with all applicable Rules and Regulations. Importantly, Residents and/or

Property Owners have the right to certain expectations as outlined above. In that context, a person may call the staff of the HHPPOA to advise the administration of properties that may not be in compliance with established policies and guidelines.

2. When necessary, individuals found not to be in compliance may be fined by the HHPPOA.

3. Individual houses must be free of discoloration and/or staining resulting from pinesap, rust, or similar consequences. Each homeowner must be diligent in maintaining the dwelling in such a manner that it is in sound, structural condition and is devoid of visible deterioration. When a condition exists that is considered in violation of the foregoing, a fine may be levied if the situation persists. When necessary, non-compliance may result in fine(s) being levied.

4. The Architectural Review Board (ARB) must approve any major changes to the original Plan of the property.

5. A Tree Removal Permit is required before any trees are removed from personal property. A fee is required.

6. Colored lighting is permitted during the holiday season on a temporary basis.

B. Roof Maintenance

1. Pine straw on roofs that detracts from the appearance of the residence must be removed.

2. Discoloration, e.g. black or green, on roofs must be removed. Such conditions detract from the appearance of the structure and the neighborhood, as well as eventually leading to costly repairs. The "rule-of-thumb" for determining the need for roof cleaning is when a roof has 60% or greater visible discoloration.

3. Except in emergency cases, ARB approval must be obtained prior to repairing damaged roofs. No apparent patching of shingles is allowed. All repairs and replacements must be in the same color and style shingle that exists on the remainder of the roof surface. In the event the same color shingle is no longer manufactured, the ARB will determine if the proposed replacement shingles match the existing roof. The ARB reserves the right to require a roof to be replaced if a satisfactory match cannot be obtained.

4. It will be the responsibility of the owner to maintain the gutters and downspouts on the structure including, but not limited to, the painting, repair, and replacement. Owners shall also be responsible for reattaching any gutter or downspout that becomes dislodged.

C. Mailbox Use and Maintenance

1. All residents are required to have either a Post Office Box or mailbox for mail to be delivered. All mailboxes must be the style and color approved by the Board. Only one mailbox shall be allowed per property.

2. Mailboxes must be kept in good condition. Damaged mailboxes that detract from the streetscape of the neighborhood shall be repaired or replaced at the Property Owner's/Resident's expense.

3. Mailboxes must be firmly mounted on 4" x 4" pressure-treated pine posts and must be driven at least two (2) feet into the ground. The mailbox fixture should be 30-½ inches from the ground and should be installed 12 inches from the paved surface to allow mail vehicles to remain on the hard road surface when delivering mail.

4. There must be no visible rotting wood on the support post or on the box reserved for newspapers, located directly below the mailbox.

5. If residents bring in a jar with a tight lid, the POA will supply the paint for resident's mailboxes and posts. The mailbox paint is oil based and the post and paper slot is latex.

6. A standard newspaper slot must be located directly below the mailbox fixture. It must be made of treated wood and conform to the Plantation's standard box construction and measurements. No plastic paper tubes are allowed. Newspaper boxes are not allowed to be attached anywhere except directly beneath the mailbox fixture.

7. Sizes for Hilton Head Plantation mailboxes are standardized and no substitution is permitted. Paint for the mailbox, newspaper box, and post should be standard Plantation brown, color code HH Brown #2, 103-5A or 110-5A, and the paint should not be visibly peeling or chipping. (All new mailboxes are pre-finished in the standard brown required for mailboxes). New mailboxes are available at the POA Service Center for a fee. Call 843-681-8800 and press 0 for more information.

8. Nameplates are not required. However, if used, the lettering for the nameplate must be reflective (for night time viewing) and must be a minimum of one inch (1") in height.

9. Mailboxes may not be used for any type of distribution other than the US Mail.

10. Newspaper boxes may not be used for distribution of non-newspaper items without the authorization of the recipient.

D. House Number(s)

The Town of Hilton Head Ordinance No. 92-12, states: "A house number must be posted on your property, within twenty feet (20') of the edge of the street or roadway. A number may be posted on a mailbox if it is located on your property." The number must be a minimum of four inches (4") in height and one-half inch (1/2") in width and made of reflective material that contrasts in color with its background. This ordinance applies to all residences within Hilton Head Plantation.

E. Fences

All fence structures on the Plantation must be approved by the Architectural Review Board (ARB) prior to installation. No fence structures are to be used for the purpose of deer restraint nor will the ARB approve any such structures. Electric pet fences that are installed beneath ground level and provide an invisible barrier for the purpose of confining pets to an owner's property are permitted on the Plantation.

F. Pets

1. Residents must register dogs and cats, over three months old, with the Hilton Head Plantation Property Owners' Association (HHPPOA). A valid rabies inoculation and license tags must be attached to a collar or harness and worn by the animal at all times. Owners of cats and dogs without valid tags will be subjected to a fine and possible citation by State law.

2. Cats and dogs must bear an identification (ID) tag that includes ownership, phone number, and the name of the pet.

3. Persons walking dogs and cats, other than on their own property, must keep the animals on a leash.

4) Are repeatedly at-large

5) Damage private or common property

6) Bark, whine, or howl in an excessive, continuous, or untimely fashion

7) Residents will adhere to the Beaufort County Animal Code and the Town of Hilton Head Animal Control Code. Any violation of either Code will be deemed a violation of the Hilton Head Plantation Animal Regulations as contained herein with respect to pets.

8) The commercial breeding of animals is prohibited.

II. TOYS & PLAY EQUIPMENT

A. Toys

Toys including, but not limited to, bicycles, tricycles, Little Tyke-type play equipment, plastic pools, Tonka-type trucks, and playhouses, must be stored out of sight when not in use. This does not include brief periods of time. Toys must be put away at the end of the day.

B. Play Equipment

1. Play equipment installed on any part of the property outside of the dwelling, not structurally permanent in nature, and used for recreation or play, must have approval of the Architectural Review Board (ARB) prior to installation. Residents are encouraged to discuss the potential purchase of such an item with the HHPPOA Service Center. An application form is available at the POA Service Center. 5. Excluding basketball backboards and hoops, the preferred location for play equipment is in the rear yard area directly behind, and as close as possible, to the house. The Property Owner shall take into consideration proximity to adjacent neighbors' view and recreational areas relative to the type of play activity. Approved play equipment may only be used during daylight hours after 7:00 a.m. After dark activity is prohibited. Play must always be mindful and respectful of the neighbors.

6. Approved play equipment must be maintained and kept in the condition for which it was originally endorsed by the ARB.

7. Such equipment should be removed from the property (or stored) when no longer in use. (Example: If a minor child has used a basketball hoop in the driveway and has now moved or gone to college, then the item should be stored or otherwise removed.)
