**APPROVAL OF MINUTES:**

**NEW BUSINESS:**

- Audrey opened the floor for discussion regarding the 2021 HHP Resident Opinion Survey. Copies of the recreation questions used in the 2018 HHP Resident Opinion Survey were distributed to the Committee.
  - The Committee members provided feedback for which questions they wanted to keep and which ones they wanted to add. Chrissy will create a list of the new questions and present them at next month's Recreation Committee Meeting for a final review.
- Chrissy provided an overview of the August webinars, the Rob Ingman Concert, and the first round of Flu Shots offered by CVS.
- Chrissy presented the 6-month Activities Calendar.

**SUBCOMMITTEE LIAISONS:**

- Activities: Chrissy Kristian
  - Upcoming September events include the Leave a Legacy Workshop, the second round of Flu Shots with CVS, the Community Blood Drive, and the Seabrook/Cypress Presentation at the end of the month.
  - LouAnne Barrett continues her new series of art classes on Tuesday evenings down at Dolphin Head.
  - The community meeting for the Dolphin Head Renovation Project has been postponed a second time due to pending inclement weather. Because the meeting is going to be held outside, we are waiting for a good weather day. It will be rescheduled later in the month.
  - We are still utilizing the 2-hour time slots at the Spring Lake Pool with 30-minute clean breaks in between. Starting October 1<sup>st</sup>, however, we will do away with the 2-hour time slots and just have the pool open all day until dusk.
  - The All Clubs Meeting is scheduled for this Thursday, September 17, at the Plantation House. We are offering three separate meetings – 10 AM for the Plantation House groups, 2 PM for the Spring Lake Pavilion and Dolphin Head

- groups, and a 5 PM Zoom Presentation for anyone who isn't comfortable coming in-person. Clubs have been asked to bring in their paperwork and date requests for 2021.
- Upcoming events for October include the Trash & Treasure Sale, another round of Flu Shots offered by Harris Teeter, a final round of Flu Shots offered by the Cypress, the Trunk-or-Treat Party, and the Halloween Pet Parade.
  - Tennis: Keith Ferda
    - Keith reported that they are still not running any USTA or Interclub matches.
    - Keith shared that one member did test positive for COVID-19, but he was asymptomatic and has been in self-quarantine.
    - Keith also added that the staff has been fine, and they have been busy with members coming in to play tennis. Keith reported that they continue to sell annual memberships, which has been good for everyone. It is less contact with the staff since members can go directly onto the courts, and some people are finding out that they are playing more tennis too.
  - Fishing / Lagoons: Earle Nirmaier / Dave Morse
    - Earle reported that there have been no scheduled programs with the Fishing Club.
    - Earle added that the Fishing Club has decided to cancel their meetings for the rest of this year. They are hopeful to meet again in January 2021.
    - Earle shared that with all the recent rain we have had, the lagoon levels are back up.
  - Volunteer Program: Margita Rockstroh / Mary Wilcox
    - Margita and Mary will start recruiting volunteers for the Trash & Treasure Sale.
  - Memorial Program / Softball: Bob Huisman / Steve Large
    - Bob reported that Steve did a super job with creating an inventory list of all the memorial and honorarium items by taking photographs of each item, and he used Google Earth to link each item to its exact location within the Plantation.
    - Steve added that he will be taking photos of the two new benches – one that was just installed late last week and another one that is getting installed today – and adding them to the inventory list.
    - Bob reported that the Softball Club is still practicing every week.
    - Bob also added that they are not planning to play Sun City anytime soon.
    - Bob then shared that the large soccer goal and the two small goals were moved to the outfield of the softball field which has been problematic. The kids/adults who are practicing are wearing cleats and leaving clumpy areas. Some of the outfielders are concerned that the ball may take a bad hop or that one of the guys may get hurt if they run into a clump area going after a flyball. Chrissy added that she would report it to Maintenance and ask that the soccer goals be moved to the open field on the other side of the softball field.
  - Bocce Ball / Shuffleboard: Richard Dugan / George Haley
    - George reported that the Bocce Club has 48 teams participating in their fall league.
    - George added that the players are wearing masks, they purchased a second set of bocce balls so they have less shared equipment, and they have disinfectant wipes to clean the balls between uses.
    - George also thanked Keith for all their help in getting the bocce courts ready for play. The members were pleased with everything maintenance did in preparation of the new season.
